MESSAGE

I am delighted to know that a National Workshop on "Sustainable Rural Development through Aromatic and Medicinal Plants: Skill Development and Start-Ups" is being organized by Department of Life Sciences and Biotechnology, Graphic Era Deemed to be University, Dehradun in association with Centre for Aromatic Plants (CAP), Govt. of Uttarakhand on 22nd-23rd November 2019. It gives me immense pleasure to know that student groups rural development and are initiating skill development program and possible start-ups in rural areas. The students are also trying to synchronize various stake holders and concentrating the farmers of rural areas.

I believe these efforts of the students will go a long way to check the migration of youth from hilly area.

My good wishes for success to the mentor group lead by Prof. Ashish Thapliyal. I hope that the energetic younger generations will hold the flag of India high up.

Best wishes

MESSAGE

PRESIDENT MESSAGE

The Himalayas are important for strategic values, mythological significance, ecosystem service flow, well-being of the people and the nation. It also holds a plethora of flora and fauna with immense biological, cultural and economic value. The presence of variety of aromatic and medicinal plants in the Himalayan region opens a great opportunity for business and research ideas.

It is a matter of pleasure that two days national workshop on “Sustainable Rural Development through Aromatic and Medicinal plants: Skill development and Start-ups” is being organized by Department of Life Sciences and Biotechnology, Graphic Era Deemed to be University, Dehradun in association with Centre for Aromatic Plants (CAP), Govt. of Uttarakhand on 22nd – 23rd November 2019. I am sure that the workshop will leave a constructive message and way out for attaining the objectives of sustainable rural development through small scale start-ups with the usage of locally available resources and technology.

I wish success to all the students and mentors involved in the workshop.

Prof. Dr. Kamal Ghanshala
Founder, Graphic Era Group

FOREWORD

FOREWORD

The Rural Development Group (RDG) is a technology oriented and highly motivated student group initiated by students of Department of Life Sciences and Biotechnology at Graphic Era Deemed to be University, Dehradun. The group was started in 2014 and its activities are also related with activities of Unnat Bharat Abhiyan from 2016. Main aim of this group is to make students aware about problems of Rural India, provide technology based solutions, organize skill development programs and initiate possible start-up in rural areas based on the available natural resources for sustainable development.

Since the start of Unnat Bharat Abhiyan, a vision of our Honorable Prime Minister, the group is even more enthusiastic and looks forward to catalyze changes in rural India. The group is involved in natural resource mapping, women and child healthcare, cleanliness and awareness drives in government schools located in rural locations and carrying out extension activities in rural Uttarakhand. The group has now embarked upon a journey of skill development and is developing agriculture based products so that farmer groups can directly benefit.

The activities of RDG have been synergistically coupled with the activity of Biopreneur Club and Club Food-Technika (two other student groups of the department). All the three groups will be synchronized so that there is an exponential increase in output in terms of product development and technology transfer.

All these activities are coordinated by a mentor group of the department. The student group is inspired by the Honorable Patron of Graphic Era, Sri RC Ghanshala je and Honorable President and Founder of Graphic Era Group; Prof. Dr. Kamal Ghanshala je. The mentor group includes founder members of the groups including Dr. Nishant Rai, Dr. Navin Kumar, Dr. Pankaj Gautam and myself. As the department has grown in size, other mentors have also joined in including Dr. BipinKuamr Sati, Dr. Amit Gupta, Er. Sanjay Kumar, Dr. Manu Pant and Dr. ArchanaBacheti. Since 2019, the mentor group has expanded to entire faculty roster of Department of Life Sciences and Biotechnology and now includes Dr. Promila Sharma, Dr. Anju Rani, Dr. Kumud Pant, Dr. Ivan, Dr. Vyas, Dr. DP Singh, Er. Vaishali, Er. Somya, Dr. Jigisha, Dr. Neha. Although Er. Ankita is in Canada now but she has been an integral part of the student Rural Development group Report 2019 Page 6

activities in the department and she is still a part or the student mentoring. It is the enthusiasm of the students and the hard work of the

Prof. Ashish Thapliyal
Prof. of Biotechnology
Graphic Era
Deemed to be University

mentors that allows the all the groupsto organize several events and activities. The exemplary will of the entire group members has kept the spirit of group alive.

Activities of the group are located in Myani and Nainbag area of Tehri District, Village Jhabarwala area of Doiwala, Dehradun and Gajana Patti of Uttarkashi District of Uttarakhand along with activities organized in and around campus. The Group is associated with Lupin Foundation in 2016-17 activities and is being supported by Centre for Aromatic Plants, Govt. of Uttarakhand fortechnical know-hows in 2019. Trainings in skill development and providing technical support to possible start-ups in rural area are the current focus of the group. The group plans to start internship positions for students of all disciplines. Other plans include launch of several smart phone based applications and develop aromatic oil and medicinal plant based products in clusters of rural villages / towns.

The present book is an attempt to present the activities of the group "Through the lens". Several of the pictures have been taken by the students themselves while in field. We believe that the pictorial depictions speak volumes about the commitment and zeal of our students.

ACKNOWLEDGMENTS

ACKNOWLEDGMENTS

Preparing a Report on Rural Development of this scale is a challenging task and would not have been possible without the contributions, insight and support of Graphic Era Deemed to be University. The Group would like to express sincere gratitude to **Prof. (Dr). Kamal Ghanshala**, Hon'ble President and Founder, Graphic Era Group, for all the resources and logistics support without which nothing would have been possible.

The group also expresses gratitude to **Lupin Human Welfare Research Foundation** for lending us his expertise for scientific inputs, data analysis and help during technical problems.

We also express our sincere thanks to **Dr. R K Sharma**, Vice Chancellor, Graphic Era Deemed to be University and Prof. HN Nagaraja, Pro-Vice Chancellor for their valuable suggestions and motivation. Their wisdom has always helped RDG Group.

The Group would like to acknowledge the motivation provided by **Dr. L.M.S. Palni**, Former Vice Chancellor, Graphic Era Deemed to be University and for his valuable suggestions. We wish him speedy recovery.

We also thank Sri Subodh Uniyal Ji, Honorable Cabinet Minister and Minister for Agriculture, Government of Uttarakhand for his encouragement and Dr. N. S. Chauhan, Director Centre for Aromatic Plants (CAP), Govt. of Uttarakhand for their technical support.

Thanks to all the faculty member and staff of Department of Life Sciences and Biotechnology for their support. We also thank Dr. Manu Pant for her exceptional skills of organization and documentation skills. She has been a central axis of the department in all the documentation.

Workshop

National Workshop on

Sustainable Rural Development through Aromatic & Medicinal plants: Skill development and Start-Ups

November 22-23, 2019

Jointly Organized by

Department of Life Science and
Department of Biotechnology

Centre for Aromatic Plants
Government of Uttarakhand

Graphic Era
Deemed to be University
Accredited by NAAC with Grade A
NBA Accredited Programs in ECE, CSE & ME
Approved by AICTE, Ministry of HRD, Govt. of India

उत्तराखण्ड राज्य

Workshop

About the workshop

Sustainable rural development through aromatic and medicinal plants is a unique event that caters to the skill development and possibilities for start-ups. The entire event has been planned by the students with their mentors and is open to all disciplines. For any sustainable development plan to succeed, all the stakeholders have to be equally involved. This event brings together the students of varied disciplines (Biotechnology, Life Sciences, Computer Sciences, Management studies, Commerce, Social Sciences), faculty as mentors, senior management officials of the University, farmers, technical back-up institutions and policy makers.

Benefits of participation

Students, faculty of mentor groups and farmers will benefit from this workshop.

- Participants will have a chance to get internship positions in possible start-ups
- Farmers/interested students from various area will be provided with technical help to set up nurseries and extraction units of aromatic oil.
- Faculty members of mentor groups will have a chance to be a part of possible start-ups.

About Graphic Era (Deemed to be University)

In 1993 a young man with just twenty nine thousand and loads of determination embarked on a mission to transform the higher education landscape of the Doon valley. Graphic Era Deemed to be University is the culmination of the vision of its founder, Prof (Dr) Kamal Ghanshala, who had the dream to change the destiny of thousands of youth, through quality and holistic education and his vision took a concrete shape in the form of Graphic Era Institute in 1996.

In 2008, the Institute was accorded the status of Deemed University under Section 3 of the UGC Act, 1956 vide Notification F.9-48/2007-U.3 (A) dated August 14, 2008 and approved by Ministry of Human Resource Development, Government of India. In 2015 Graphic Era University was accredited by NAAC with grade 'A'.

University has acquired transnational dimensions through student exchange and knowledge sharing programs with many foreign universities and has been acclaimed and honored at international forums for its brilliance in upholding the highest standards of education. With recognition from prestigious institutions, Graphic Era University is setting new benchmarks in education. It has taken big initiative in engineering programs by getting into Partnerships with Tata Technologies and IBM to create next age Engineering Professionals through Industry Collaborations. Graphic Era hosts Technology Business Incubator that provides support for technology-based entrepreneurship. At present, Graphic Era has innumerable students on its rolls, pursuing education in different disciplines, ranging from engineering, science, business, management, commerce, hospitality to humanities and social sciences. The alumni of Graphic Era can be encountered worldwide in marquee brands like Apple, Google, Microsoft, HSBC, to name a few and in the service of the nation in all wings of the Armed forces.

Workshop

About Department of Life Sciences and Biotechnology

The Department of Life Sciences came into existence in the year 2016 after bifurcating from the department of Biotechnology. The Department offers B.Sc.(Hons.) Biotechnology, B.Sc.(Hons.) Microbiology, B.sc.(Hons.) Food Technology, M.Sc. Biotechnology, M.Sc. Microbiology and Ph.D. programmes in Biotechnology and Microbiology. The department has a mandate to provide practical based learning and knowledge sharing. The faculty is involved in research based activities (viz. research projects national level trainings and seminars, patents, publications) with active involvement of the students. Our students are selected to BHU, TERI, ITRC, GKVK, NDRI, NBRI, CIMAP, etc. Many of our students are pursuing research in premier institutions of the country.

About Centre for Aromatic Plants

Centre for Aromatic Plant (CAP), and institution of Ministry of Agriculture of Government of Uttarakhand has a mandate of promoting commercial application of aromatic plants. Aromatic oil based industry is worth several billion dollars. Himalayan region of Uttarakhand has a wide variety of diverse native aromatic plants and the potential of these plants can be tapped. Besides, very routine aromatic plants are also provided by CAP to farmers to develop aromatic village clusters. In the present program, CAP is the technical partner. With the synergy between CAP and Graphic Era Deemed to be University, it is envisaged that a new prominent market will emerge in Uttarakhand.

Registration fee:

GEU Students Rs. 500/- (including lunch and High Tea- day 1)

Rural Development Group of Graphic Era launches Advanced India Campaign

By OUR STAFF REPORTER
DEHRADUN, 20 Apr: The Rural Development Group of BSc (Honours), Biotechnology, of Graphic Era, teamed up with the Lupine Foundation to launch the Advanced India Campaign. From earlier, this group has been holding its programmes in remote schools of the hill areas for Rural Development. It has programmes in Nainbagh, Miani (Tehri), and Dhontari (Uttarkashi). There are many specialities in the present programme. One day earlier, Graphic Era was selected among the 169 Universities for Advanced India Campaign. The programme is being fully managed by the Rural Development Group of BSc, Honours, Biotechnology, with its mentor group. Students have convinced the Lupine

Foundation to join the programme. The two-day workshop was inaugurated on 19 April. On the first day, Shalo Hembrom and Satish

Tomar, senior manager of the Lupine Foundation, introduced students to the details of Rural Development and Resource Mapping. They also told the students to make sustainable plans for rural development.

Vice Chancellor of Graphic Era University, Prof Palani said this was a very good initiative and students ought to keep carrying out such activities. Graphic Era is the first to have such a large share in the Advanced India campaign in Uttarakhand with the corporate world. The programme was started by IIT Roorkee. President of the Graphic Era Group, Prof Kamal Ghanshala also appreciated the work of the students.

Professor Ashish Thapliyal, Chief Mentor of the Rural Development Group, said that all the students were

excited to do this work and were eager to work in the villages. The first programme of this group concluded in village Bulawafar (near Doiwala). He said that in addition to working in the village, students got to learn Data Analysis and Technology Priority Development, which was a special opportunity for everyone to learn something more than traditional courses. These programmes would continue in the future. Apart from the students, Dr. Archana Bachetti, Dr Bipin Sati, Architect Vikas Nautiyal, Prof Pawan Imami, Dr Pankaj Gulaem, Dr Pramila Sharma, Dr Manoj Pal, Dr Manu Pant, Engineer Arlita, Dr Abhishek Negi, Dr Nazneen Rawat, Dr Naveen Kumar, Dr Nishant Rai and members of Biopreneur Club were present on the occasion.
